# 1 Introduction

## 1.1 Introduction to the Book of Reference

1.1.1 The Book of Reference ('BoR') is divided into five Parts as prescribed by Regulation 7(1) of the Infrastructure Planning (Applications: Prescribed Forms and Procedures) Regulations 2009 (referred to hereafter as 'the regulations'). Each of the five Parts is summarised below, together with a brief commentary on how the requirements in the regulations and the related definitions in the Planning Act 2008 have been interpreted and applied to the collation of each part of the BoR for the Lake Lothing Third Crossing ('the Scheme').

1.1.2 The plot references included within the BoR refer to those shown on the Land Plans (application document reference 2.3).

1.1.3 All plot area measurements in the BoR are approximate, as these measurements are given in square metres, and each measurement is rounded up to the nearest whole square metre.

## 1.2 Book of Reference Part 1

1.2.1 Part 1 of the BoR is described in Regulation 7(1)(a) as follows:-

*"...Part 1 contains the names and addresses for service of each person within Categories 1 and 2 as set out in section 57 (categories for purposes of section 56(2)(d)) in respect of any land which it is proposed shall be subject to–*

- (i) powers of compulsory acquisition;*
- (ii) rights to use land, including the right to attach brackets or other equipment to buildings; or*
- (iii) rights to carry out protective works to buildings.."*

1.2.2 Category 1 persons are defined within section 57 of the Planning Act 2008 as those who own, lease, hold a tenancy in relation to, or occupy land within the Order limits.

1.2.3 Category 2 persons are those who have an interest in land within the Order limits or have the power to sell and convey or to release such land.

1.2.4 Part 1 of the BoR contains the names and addresses of each person within Category 1 and 2. For each plot, a description of the land and its approximate area are provided.

1.2.5 The description of each plot also includes reference to the principal land use power(s) sought in the draft DCO in respect of that particular plot:

- In respect of plots shaded **pink** on the Land Plans, where the Applicant proposes to acquire the land (on an outright and permanent basis), the plot description includes this wording: **“All interests and rights in...”**
- In respect of plots shaded **blue** on the Land Plans, where the Applicant proposes to create and acquire new rights over land (including the right to impose restrictive covenants to protect the new bridge), the plot description includes this wording: **“Acquisition of rights over...”**
- In respect of plots **hatched pink and blue** on the Land Plans, where the Applicant proposes to acquire airspace and new rights over land (including the right to impose restrictive covenants to protect the new bridge), the plot description includes the wording **“Acquisition of airspace above and acquisition of rights over...”**
- In respect of plots shaded **green** on the Land Plans, where the Applicant proposes to possess and use land temporarily, the plot description includes this wording: **“Temporary possession and use of...”**

1.2.6 The four categories of wording described above cross-refer to articles in the draft DCO as follows:

- **“All interests and rights in...”** – the compulsory acquisition of land pursuant to **article 22** of the draft DCO.
- **“Acquisition of rights over...”** – the creation and compulsory acquisition of new rights over land pursuant to **article 25** of the draft DCO.
- **“Acquisition of airspace and acquisition of rights over land...”** – the compulsory acquisition of airspace and the creation and compulsory acquisition of new rights over land beneath that airspace, pursuant to **article 26** of the draft DCO.
- **“Temporary possession and use of...”** – the temporary possession and use of land for the purposes of carrying out the authorised development pursuant to **article 32**, and for the purposes of maintaining the authorised development pursuant to **article 33** of the draft DCO.

1.2.7 The information above (in paragraphs 1.2.5 – 1.2.6) is summarised in the following table:

Colour of plot on Land Plans	Wording used in BoR plot description	Land use power sought	Principal relevant DCO article
Pink	<b>“All interests and rights in...”</b>	Compulsory acquisition of all interests and rights in land (including, as required, subsoil, surface land or airspace)	Article 22
Blue	<b>“Acquisition of rights over...”</b>	Creation and compulsory acquisition of new rights (including, where necessary, a right to impose restrictive covenants to protect the new bridge structure)	Article 25
Hatched pink and blue	<b>“Acquisition of airspace above and acquisition of rights over...”</b>	Compulsory acquisition of airspace together with the creation and compulsory acquisition of new rights (including, where necessary, a right to impose restrictive covenants to protect the new bridge structure) below that airspace	Article 26
Green	<b>“Temporary possession and use of...”</b>	Temporary possession and use of land	Articles 32 & 33

## 1.3 Book of Reference Part 2

### 1.3.1 Part 2 of the BoR is described in Regulation 7(1)(b) as follows:-

*“...Part 2 contains the names and addresses for service of each person within Category 3 as set out in section 57;”*

### 1.3.2 Category 3 persons are defined in section 57 as those who would or might be entitled to make a ‘relevant claim’ (being a claim under section 10 of the Compulsory Purchase Act 1965 and / or under Part 1 of the Land Compensation Act 1973 and / or under section 152(3) of the Planning Act 2008 as a result of the implementation of the Development Consent Order, as a result of that order having been implemented, or as a result of the use of the land once that order has been implemented.

### 1.3.3 It is considered that Category 3 includes Category 1 owners where land is not being acquired and all Category 1 lessees and tenants. Category 3 contains persons with interests in land within the Order limits. Category 3 also contains persons with interests in land outside the Order limits who, it is considered, might be able to make a relevant claim (as defined above).

### 1.3.4 Part 2a of the BoR contains the names and addresses of all those Category 3 persons with interests in land within the Order limits, who it is considered might be able to make a relevant claim. For each plot, a description of the land and its approximate area are provided. Part 2b contains the names and addresses of all those Category 3 persons with interests in land outside the Order limits who, it is considered, might be able to make a relevant claim (as defined above).

### 1.3.5 Part 2 of the BoR has been divided into two parts (Parts 2a and 2b) to aid clarity of presentation. As Part 2a contains Category 3 persons with interests in land within the Order limits, it necessarily includes information about plot numbers and plot descriptions. As there is no equivalent information on plots for Category 3 persons with land outside the Order limits, the Applicant has structured the part of the BoR that deals with such persons differently. To make this distinction clear, Part 2 of the BoR is split into two parts - Parts 2a and 2b.

### 1.3.6 Part 2b of the BoR contains Category 3 persons’ names and addresses for service and identifies the land to which a relevant claim might relate. Where a separate address for service is not specified the address for service is the same as the address to which a relevant claim might relate.

## 1.4 Book of Reference Part 3

### 1.4.1 Part 3 of the BoR is described in Regulation 7(1)(c) as follows:-

*“...Part 3 contains the names of all those entitled to enjoy easements or other private rights over land (including private rights of navigation over water) which it is proposed shall be extinguished, suspended or interfered with.”*

### 1.4.2 Part 3 of the BoR contains the names of all those persons who it is considered will have their private rights over land affected by the Scheme.

### 1.4.3 Certain relevant Category 2 persons included within Part 1 of the BoR have also been included within Part 3 where their rights may be considered to be affected. Examples include tenants of the land, or statutory undertakers with services in or under the land, and whose rights over the land are likely to be affected whether the land is required permanently or temporarily.

## 1.5 Book of Reference Part 4

### 1.5.1 Part 4 of the BoR is described in Regulation 7(1)(d) as follows:-

*“...Part 4 specifies the owner of any Crown interest in the land which is proposed to be used for the purposes of the order for which application is being made;”*

## 1.6 Book of Reference Part 5

### 1.6.1 Part 5 of the BoR is described in Regulation 7(1)(e) as follows:-

*“...Part 5 specifies land—*

- (i) the acquisition of which is subject to special parliamentary procedure;*
- (ii) which is special category land;*
- (iii) which is replacement land;*

*and, for each plot of such land within which it is intended that all or part of the proposed development and works shall be carried out, the area in square metres of that plot.”*

As is noted in Part 5 of the BoR, the Scheme does not affect any special category land or replacement land, and it is not anticipated that any of the land within the Order limits will be subject to special parliamentary procedure.

## 1.7 Guide to DCO Documentation

### 1.7.1 The following paragraphs provide a step by step guide to enable a person with an interest in land affected by the Scheme to use the DCO documentation to find out how the Applicant's proposals may affect the land in which they have an interest.

### 1.7.2 **Step 1:** Look at the **Land Plans** (application document reference 2.3) and find the area (plot(s)) of land in which you have an interest.

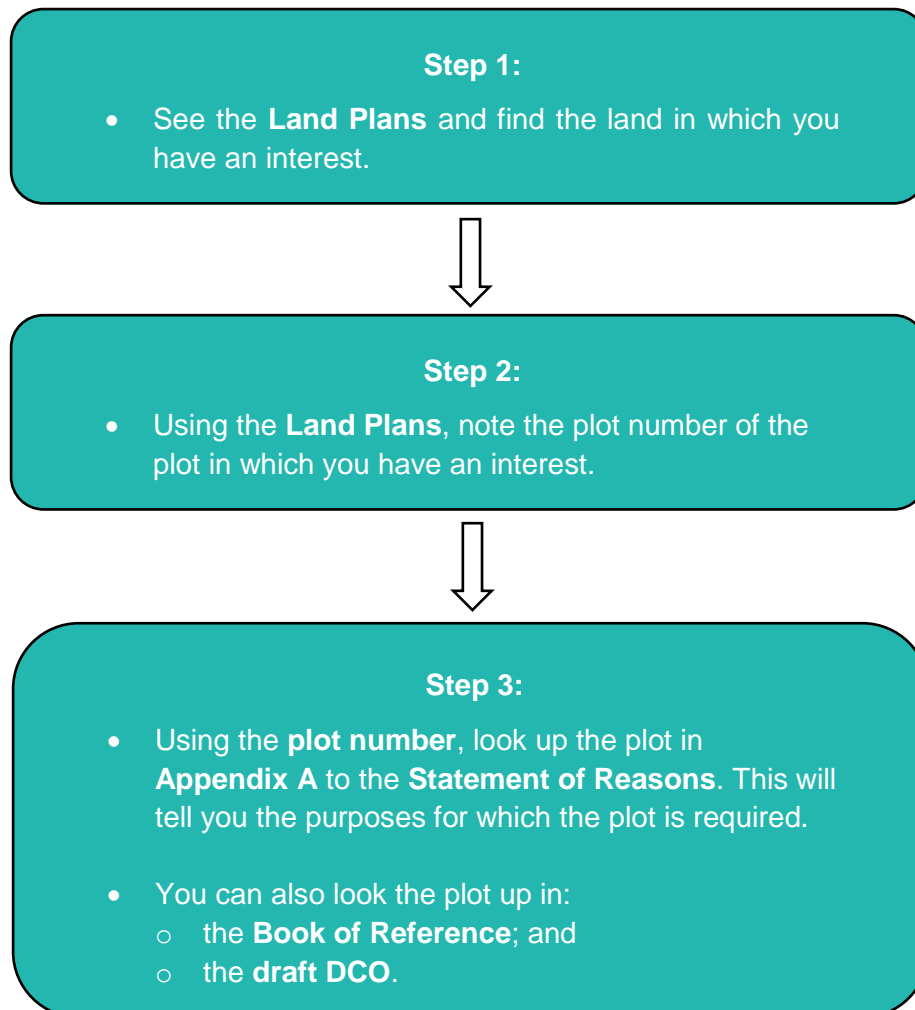

### 1.7.3 Step 2: Note the colour of the plot and the number of the plot.

- The colour of the plot will give you an initial indication of the purpose for which the land in that plot is required:
  - **pink plots** - compulsory acquisition of all interests and rights in land (including, as required, subsoil, surface land or airspace)
  - **pink plots hatched blue** – compulsory acquisition of airspace together with the creation and compulsory acquisition of new rights (including, where necessary, a right to impose restrictive covenants to protect the new bridge structure) below that airspace
  - **blue plots** – creation and compulsory acquisition of new rights (including, where necessary, a right to impose restrictive covenants to protect the new bridge structure)
  - **green plots** – temporary possession and use of land
- Note the plot number – this will enable you to identify the land where it is referred to in other DCO documents – see Step 3 below.

### 1.7.4 Step 3: Use the plot number(s) to find references to the land in other DCO documents, such as:

- this **Book of Reference** (application document reference 4.3) –  
this provides a brief description of each plot (including an approximate area measurement) and details of persons who own, lease or otherwise occupy or have an interest in the land;
- the **Statement of Reasons** (application document reference 4.1) –  
see in particular **Appendix A** which:
  - explains in more detail the purposes for which each plot of land is needed for the Scheme and how each plot of land is proposed to be used;
  - provides cross-references to the numbered Works shown on the **Works Plans** (application document reference 2.4) and described in **Schedule 1 to the draft DCO** (application document reference 3.1);
- the **draft Development Consent Order** ('DCO') (application document reference 3.1).

### 1.7.5 Here is a condensed version of the 3-step guide:
